When your cultural heritage is wrong, you have to dispute it, and put it down... And what you (generically, i mean everybody western I met!) never understood, is that you had to HELP me when I was crying all my Life I cannot fit mine!!! But you never did, you like only people with "character", whatever... There, within a set of cultures you want to see, Culture can be a matter of preferences but the world is bigger Vicky, and my lesson, is that the Cultural difference that amuse you, is utterly childish view on Cultural differences in general, those that are source of the world War/Violence. So once for the good: I personally have no Culture but the one i construct syncretically from what I see, AND I'M PROUD OF IT, because it takes only the good "character" form disparate Cultures especially the one you miss, all the time: the common denominator, which makes us all the same humans!!! <http://www.centerforinquiry.net/isis/>

Hey Colleague

Since I found Love (none of your buisness - if your voyeurism kicks in, it is Visible as a Dream on a CD I'll lay on my desk every morning!!) I can summarize ISIS Love life quite simply and TELL YOU OFF: control freak!

You have not understood anything about the psychology of this place! It is a male dominated environement, and when you - a bastion of nice Latin Girls all arrived around 2007, you came in, you induced a climate of Mundanties that was not existing before, imposing YOUR rule "be Nice", which with your bigotry - Love uncertainty - superficial naivety and rubbish Female Desire, meant, filtering heavily and nastily so to be surrounded with "handsome" people not double checking if they are really nice... You got it wrong, since the start...

This has led you mingle with the wrong type, manifestly preferring English guys to others too - becasue you like to be taken out! aren't you?!?! But (my personal, private opinion!) Rob, Dickon are just Fuckers with no Heart - I know that from an Experience of Systematic bullying-despise you just IGONORED becasue you WANTED TO BE BLIND and be COMPLICE of the fact people need a punchbag, not mentionning it lead me to be severely harassed by Tatiana, that any attemp to discuss openly using common friend - athal, davide, jordi , had been REFUSED to me...

What I witness, whilst being put down... are only extremely "murky" Love affairs that have been fascinating all of you, but they where disgusting me, the one between Laura and Rob being the most Archetype sign of immaturity - flirting few month before their respective marriages!.... Your praise for such behave and sport for such persons is but a sign of your own Love weakness. YOU live in a (fake) Dream (a fantasy - fantasizing - jealousying), NOT ME! Me I Worked Hard to Realize My Dream! I became an Artist Honestly, so to Love an Artist! and in the mean time, I have never judge/gossiped about any other's Love situation according to my opinions/convictions!

But because your attitude is wrong, because you proactively believe the Neutron Community is a Social place (but it is not, it is community of Work interests, and how much Social is in there, is only reflecting your fantasy - the way others retribute you for your undoubtedly prominent role as a driving force, in socializing events that are in fact not so important...). Affectively, its Reality is that Laura was an Italian bitch impressing naive and highly frustrated blokes, and that all of you Girls, you were jealousy-copying her more or less explicitly for her "exploit" of having succeeded in getting Rob - Mr Handsome (but NOT Mr Right!) all of you hooked to the "Nice" guy in secret despair for his attention...!!! And you never got out of it!

You do not KNOW me (YOU don't want to, because you are too scared to face Truths...) But now that Love give me the Caution: Stop judging me/testing me in that case! How many times you imposed me to socialize with people I don't want to AND make me feel bad about it?!? All that because you preconceive that it is good for a social life that is not mine, but just something that can reinisure YOU so you can love ME?!?!? Love is not a carrier plan, for me, Vicky. Your teasing just before officilizing your relation with Jhonny totally inappropriate! Mind your own buisness! From now on.... Mind HIM !

Transmit to all (I removed all work colleagues from FB): I don't seek neither Love, nor friendship at Work : what I expect is a Respect I was deserving for sticking to my Love Conviction back, and that people like you don't project their own Love Doubts on others as an insanely Judgemental behave.

"As is", like Ma Reine calls me very POETICALLY!

Anna

Since YOU BROUGHT IT UP, WITHOUT KNOWING: Don't take this too personal but as a lesson, combined to a revenge against Tati I can never do...

**Yes... Behind the smiles, Tati has accused me of "having no balls" in sept 2013 after having refused systematically all my**

**(admittedly shy) attempts i did to just go out with her, just be with her alone, once...: years of emotional abuse love confusion and depression (for me) nobody has seen!**

So knowing THAT... Why do you come here to judge/gauge me, cheeky, with no heart, making me feel immature (like saying "I should have done my music in my 20's"...), when I say I think reached a wisdom (spiritual) i could not foresee?

So, let's talk about Love maturity...: I've finally got the balls out to accuse Tatiana, last year over the summer, that she did on me a long term sexual harassment, and been told to bury the story by the management BECAUSE I WAS FUCKING RIGHT... Yes, I've been shut up yes because this was insane!, but true, insanely true: the most beloved person of ISIS is a whore!... **I've been put in the bad book, accused to send my correspondence via work emails (when her little game were on the work premises, refusing to "play" outside),** and we would have certainly been both fired, if an investigation was made...

**Could I ask you, next time you come around in ISIS, to not play love/teasing games with me, on the work premises** [*organizing a coffe not asking me directly, but sending a messenger, guess who? see below...*], especially when I already declared to you, and that so much time has elapsed? Your attitude shows you can't face my Love in private like Tatiana's story generally suggest to do, in the work context, and not only tease me stupidly (because your visit is so short anyway...), in front of her for a 10min coffee,

With what I know (more than you...) what you appear to me, Anna Fedrigo, it is just the same, immature girly bitch as Tati, self obsessed by evil charms and incapable to Love! Something, I can really fucking do without !

So now, unless you can face waht follows: listen well to the my immature Music, in this PRIVATE song, done for Tati, when she was "killing me" but which I've never sent to her, to not hurt her... Waht do I fucking do about your visible and total lack of Kindness, Sweetness, affection... So yeah, see WHO I AM, and hear what Man needs, without games! And like me, LIVE and LEARN...

[https://www.youtube.com/watch?v=X\\_8mi2EhLsc](https://www.youtube.com/watch?v=X_8mi2EhLsc)

Cos you're such a stupid woman  
And I'm such a stupid man  
But love like time got it's own plans!

Leaving completely up to you, to gossip around the fact I'm mad (BECAUSE GOD KNOWS! I'm not to blame...! Oh no!), or go and cry over Tati shoulder, now! Me, I never had any shoulder... to

cry over those things, she never said "sorry", and none of "our" friends, gave me any consolation or asked me why she was putting me so down...

Aziz,

please don't start with 'don't take this too personal'. **If you think I am not involved in this, don't even write to me! If you write to me, as you say, as a revenge against Tati, well thanks, but I'm not playing this game [but she asked Tati who came utterly scared at my office door asking me explicitly "I don't know why she wants to do that?", to organise the coffee during which Tati was spying me silent, see how i behave with another MORE beautiful and young Girl]. I am not involved in your relationship with Tatiana,** whatever happened between the two of you. If the aim of this mail is getting a reaction of anger, either from me or **Tatiana (whom I should inform about this)** [so she saw the Video! saw her discuss a long time about it in Ross Stewart office - who commented returning for lunch - in French, apart to me "Elle est Mechante, hein!!!" [she's nasty!], and sent for sabbatical partly for that reason, all all the Fuss I was already started, months before my November "attack", **OBVIOUSLY!!!** ], I guess I'll disappoint you again. She won't know about this, nor anyone else at ISIS. If you have something to tell her, or you want your revenge, do it directly without putting in the middle third persons. Some people might enjoy a bit of drama, but I can really live without it!

If on the contrary, you wanted to give me a lesson, maybe the tone of the conversation wasn't the most constructive after all.

Anyway, asking you 'why didn't you started earlier' was only an innocent question with no subtle insinuation. No interest in

judging you or being cheeky. I was honestly curious about your musical and 'philosophical' developments. Being curious and enjoying the conversation with you doesn't mean that I am playing teasing game. I am sorry if it seemed to you like this, but it has NEVER been my intent and I thought I made it clear with you long ago.

10/10, 1:47pm

Hey Bitch! When I say you are a bitch, you are a bitch and you HAVE to understand there's a problem to FACE! CAPITO! because I am ALWAYS RIGHT IN THE MATTERS OF LOVE- IT IS MY DESTINY TO TELL PEOPLE OFF - don't think i find it funny! Especially when you are so stupidly inspired by the Most Stupid Italian Bimbo, instead of showing your real qualities, WHICH YOU HAVE! So hey, young cutie, I'm 10 years older than you **OK so Listen well: NO IT IS NOT RIGHT TO TELL PEOPLE THEY HAVE NO BALLS** [*athal always stayed on the side of Tatiana, when I told her about Davide B-day event, which revealed me Tatiana's abuse*] - **WHEN YOU DON'T FUCKING KNOW THEM!!!!** **Negating that at work is already a SEXUAL HARRASSEMENT!**

Now you will know me: and irrespective of ball sizes, you'll see I have a fucking HUGE BRAIN YES! I've put all our generation down in ISIS this week! Since I found Love!!!!!!!!!!!! I **spat out all what I had to say lately about ISIS affective Life to Vicky and someone else.**

Time for you Figure out now, 10 years of Murk... **Ask your Bitch friend and Mentor Tati if this other person, a CUNT, her supposed "friend" Dick-head Dickon Champion, has balls now indeed, because I asked him to do something and I doubt he will!!!**

Because me, I KNOW you are all CUNTS & You need a Serious Love Lesson, and the Genius Poet that I am made for that a charade I've sent to Dickon Only, to wind him up!! The Youtube Vid below is the solution - connetevcted to you, in a way! It echoes a poem I was writting to your Sister Bridghid, why did you fucking blocked my way to her or feint to ignore the Fact I loved

her especially the 2nd time, when Tati ALL OF YOU WERE KEPPING harassing me and Tati was doing it the most insanely from jan-june 2012, jealous Bitchy Sister!!!! Why did we never talked about it you being both a colleague and her sister? WHY???????? when I was In love STRUCK with her and her ALSO???? See how clearly, how much of a bitch you appear now! But it's Ok since you have Friends like Tati anren't you! She can console you with the ultraromantic (deceiving? for you, not for Karen, an Artist!) types like me!

So that's youre mission/penitence, now!!!

1) since you 2 think I have no balls even though the fact is: you don't dare see them!!!! **Will YOU have some heart and courage instead (what we ask, to women?) to ask Tati if Dickon has the guts yes to tell her what he fucking has to tell her (and that DOES NOT CONCERNS ME but his Girl.... [that Bella Lake asked me to save her when he hooked her, so he must quit her!]and it DEMONSTRATES how much of CUNTS they both are affectively!): you were there, at the Halloween party, when the Shit happened!**

2) **Tell to Bridghid [athal blocked all access to her sister, I obviously fell in Love with in during two outings Tatiana and her attended ]i found Love**,so she's the most welcome back to me, as a Friend... and you also! If you fucking Understand Now! I never Loved you BECAUSE I can Love only if a poetical bound develops - **you were just constatly teasing me instead following the WRONG (Tati's) advice!!**

Fucking Live and Learn!

Ho Tatiana, since I want to cool down totally, now... I would like you to contact Atahl, to excuse myself sending to you, and to her, these lines, about Love...:

Dear Atahl,

There has been always a misunderstanding between not us two, but us three, on the Core Nature of Love, for you never let me the chance to develop, my view, which is a Poet's Vision!.... You and Tatiana are adorably lovely Ladies I have nothing against you! But we never agreed on a Fundamental thing and this created too much Love tensions, a war i got sucked in, but did not want, in fact: we are all guilty, we all played.. but I never wanted to fall in Love with your in "your way", I should have made it clearer...

I'm a poetical Soul looking for a Sister Soul and patient enough to wait, before

I find. And I found. When I show "affection", this is not "Love" as such, and this obviously confused you, but "my way" of testing the "possibility" - the poetical bound: I was not feeling it, with none of you.... In this process, body language can easily misleading, and you mislead me, the two of you...

**Hope you understand now, that I am, I want to be more special than what you want, so in reality, we can't even hardly be friends.** And this is not a fail, just something, we all need to realize without anger...

**I don't want anymore misunderstanding of this nature in the future, nor rant at any of you uselessly.**

For a better Future!

With Love,

Aziz

Hi Aziz, How is it going. Guess what I am at LLB doing an experiment. The weather is great and I am very much enjoying being here. I hope to explore Paris at the weekend. best wishes, Bella

**Dickon hooked her at Tatiana's Halloween party October 2011 - started official relations Feb 2010, where she asked me to SAVE HER (implicitly, from getting out of a life of abuse(like me...)! still, unconsciously DROWNING in the arms of Dickon...).**

**SINCE THIS TIME SHE WAS HIDDING AWAY FROM ME ENVEN DURING HER ISIS VISITS, MOSTLY SPEND IN COMPANY OF TATIANA!!!**

**In Septemver 2013: Bella lake was still with Dickon, and in a buisness trip, I met her in Germany, she obviously was still "waiting" for me to "save her" but I had moved on... incapable of telling her to \*FUCKING\* QUIT HIM!!!**

**I tried to ask Dickon to organize a ramble like in our old days so to clarify our impossible triangular Jaealous situation, He has NEVER replied (because of preconception I'd Love Bella...)**

**AFTER provoking Sylvia Mc Lain hoping to get a mediator (but too confused to ask sensibly)... I dared write to bella:**

**Aziz Daoud-aladine**

Dear Bella,

Happy new year, you are still not ISIS employee: this is a PRIVATE message.

I saw you several times in ISIS since my last visit to Berlin september 2013 surprised of not knowing, each time it happened, that you were supposed to be around,

To me, this means we just but fell out implicitly since 2012 - or even you've just been fantasizing me since we know each other but don't care of me!

So now that I've heard rumors you are applying and you will maybe come to ISIS, it questions the nature of our connection. To me it has died. We agree?

Not knowing where, I tried to get advice, chose the wrong person, and just got mistrust instead again!!!

So today, I told off Dickon already (for min my opinion, he killed our friendship, making me even wonder: was there any, ever, or just vague and not assumed hopes, form your side?)

Fed up otherwise, of hide and seek games or total lack of care in affective matter, among female scientists: you also grow up! Before you come....

I'm grown up.

Regards,

Aziz

## and Dickon:

Hi Dickon.

You were a friend, and you disappointed me, at the point it got me Mental! This is the Past, and the friendship is I'm afraid, irrecoverable.

However and still, Today, I sincerely wish you a happy and peaceful new year and all Success and Love, that anyone deserves.

Don't be surprised or think I have back thoughts doing that, because I am very calm, this year.

I do that only because of Bella. I don't like the idea she don't contact me anymore, when comes such an important carrier move, as maybe coming to ISIS: this will make us coexist, IPSO FACTO. and accordingly, I don't like the fact I have to discover this through gossips and not courteously, and direct from her, if it is true.

It mean you are still together, all fair, and therefore I don't like the embarrassing FACT she hides away from me - sticking to Tatiana, when she comes, since 2 years, like if she'd needed protection from me. She does not. She is yours (as far as I know), and even if she was not, I have no views on her, I made that VERY clear to YOU: maybe, you should make it clear to HER, so we end up working happily together HERE, in ISIS, and she don't fear letting me know banal, but important things of the work life here - if she plans to come/

I thank you in advance for your understanding, and for clarifying this for me.

All the best to you.

**But if Bella was recruited here,  
imagine...**

**It was clear Tatiana, Dickon and  
many, all knew I was making fusses  
since JULY, and Bella was hiding  
away from me ostensibly STICKING  
TO TATIANA!!!**

**She "hides" with My Bully AND My  
Nightmare... How can I feel!?!?**

**This just creates a huge tension!!!  
Fair if she comes for short**

**experiments, IMPOSSIBLE TO LIVE  
IF SHE COMES ON SITE ON A DAILY  
BASIS!!!**

**THAT'S WAS MY PROBLEM :  
Bella could not come here!!!!**

**With DICKON/TATI Abusing me  
Undercover of other's total NO-  
COMMUNICATION**
