IT'S ALL BECOMING SURREAL !**

Surrealism is very interesting for its *Revolted Attitude*, it's *litterature* is *Brilliant*, it's Art Challenging, **HOWEVER**, this « famous » Magritte is in fact a very anecdotic work which certainly became very overrated for not Untold/unspeakable reasons ! **This famous « Magritte Pipe » (that's not a Pipe) is in fact JUST a « bar joke » : for any French Person « pipe » is a slang for « blowjob » ! & because of « mundane decency », it's a « French private joke mainly », meant to bluff art reviewers about the « treachery of images » ! **In that painting the MESSAGE has the value of a Charlie Hebdo caricature !** That's the « treachery », **the Painting is subtly « sexually provocative »** (calling for a real blowjob!) : Later, « pomme » will follow the same principle, certainly related to Balls ! The UK Brit pop band BLUR made a whole album entitled *Modern Life is Rubbish...* : **Modern Art / Surrealist heritage can often very rubbish as well : Hail the Stuckists!** All Past knowledge in the Web era is victim of « treachery pleague » !**

Since 2000 Physics sort of became Surrealist too, and invented a Mechanism of « Quantum treachery», Where by you often read the word/adjective « quantum » employed - for absolutely non-quantum things !

**DON'T FORGET THE SUPERMAN (SM) – AS THE INSPECTOR GADGET !
USA COLUMBO/UK SHERLOCK HOLMES & FR ARSE LUPIN ALL IN ONE !**

*the Nature Quantum Mat branch overrate its « quantum nature» making of (real, classic, mother) nature the Pipe, in the story : denying Natural Reality ! hiding how some « words/concepts » used under the « umbrella » lost meaning because of the way they were born ! Taking source in the Rotten Physics Branch connection to a Mind Plasma of Emmergent TWIN BRO Ex Phd Monopole Gas Purple haze, **the narrative is affected since 2008 and got definitively corrupted mid 2011 when support for D-wave was published! Now (2022) in between the lines of its new « quantum material » Branch the Academic rise of QM finalize the Ultimate Quatum Era Contradiction, within the Microcosmic Nrutron Scattering World : Editors emmerge, and Reveal how the D-wave rooted UK-Naure Quantum Madness is now Threataing and Jeopardise Future EU Neutron Science with Strongly correlated dubious science programs & Instrument development Lies...***

Last, I advice also ISIS to consider reviewing accordingly the case of the WISH-II instrument, as back to an OPTIMISED POWDER machine solving all the issues WISH-I raised for being too ambitiously versatile to start with, aiming at better resolution, less tails in the peak shape, no moderator bubbling making instrument scientist life a nightmarre i.e making a true beautiful Mag-
HRPD like Ferrari for Magnetic Diffraction with a Red color, an [instrument without PINK make up on what's at present litterally a double True POWDER/Dreamt SX face](#), the color for the WISH instrument, decided in the KEY meeting that the Manager didn't went to, letting the girls, especially the MANTID-VIPer define WISH's 2nd WISH as A MADE UP – MAKE UP?!?

CONCLUSION : MESSAGE TO/EXORCISM OF VICKY !

You are the Woman/Mild Version of VADOR (IT)/Diamond Dog (FR) EU that lost her identity not doing science bu Politics only, OBSESSED by ISIS power and POSSESSED by the Evil Megalomaniac spirit of ISIS BIG BRO, betraying all, including your friend C. Alba Simionesco by [participating to the « running down of the LLB » via secret control of the CSI reports](#) that IMPOSED the LLB to build SONATE because « france should take ISIS example » ! [SM has already stuck you back into this Wedding Memory](#), complicit of the « Rape » of Superman there! You are so sly ! You wrote the statement used to evict SM, writing that « he should see doctors » ! and few month later after his eviction, you met him in a pub and refused to help him get back his

guitar (which stayed locked in ISIS site in the recreational center) and GOD knows you SOLD IT during the summer 2019 : ROBBERY OF AN ICONIC GOOD !

And THAT (Guitar) is leaving you no choice : YOU HAVE TO LOVE SM LOVE OF THE EU ILL & ESS & THE DUAL CROSSES he made for all of us below ! Because you know how evil you are ! You know it's you, who chose the [SM 2012 « castrating » B-day card](#), and wrote on it « I hope you get the English Joke » in it, in complicity with « the girly version of me » : innit !?! The « the girly version of me » is the Real ISIS Queen you're jealous of by Bossing around All in House and by taking her Central Place Below and all around Europe !

SM wrote on BIG BRO's certainly most beloved « ISIS Leaving Card ! »
the message « THE KING IS GONE BUT HE'S NOT FORGOTTEN »
i.e it was not adressed to BIG BRO but talking to ALADIN FUTURE
DESTINY – TWIN BRO RECOGNITION & RECONCILLIATION !

And you must therefore show those CROSSES to ALL, especially the MONA LISA : [Venus in Furs](#) & ESS SAC member like you, she's the one ! who invited SM to give the talk in HMI in 2007, and she is waiting for you, to whip you ! until you tell WHO IS THE HOLY KING (who is not SM!) that this message is referring to, together with SM's name !! open the [Doors : this is The End](#), my friend, for you to CONFESS : GOD ! this is ALL TRUE !
