

THE (LOVE) DEVIL (IS) IN THE DETAILS...

TATIANA GUIDI's MEA CULPA : [For her last Police call](#) crowning years of complicity with Champion, covering up years of tiring, stupid « girly » (in her own words..) Love games, involving and fooling Sylvia and Silvia i.e insulting my profound respect for WOMEN LIBERTY & INTEGRITY (Italian Christians Americans Feminist whatever!) which they were both SECRETLY and SHAMELESSLY FOOLING WITH RESPECT TO... BELLA LAKE, I'm sorry... !

To the attention of

- [Dr Tennant](#), director of the ORNL Quantum matter division

ex Director of Tatiana Guidi when she was Post Doc of Bella Lake in HZB Berlin BTW...

- & [Sylvia Mc Lain](#), Acknowledged in my second Zener Polaron Paper with Champion published by FORMAL APPEAL TO THE PRL EDITORS in 2008

who will hopefully Acknowledge she's with respect to me & to start with a Friend that I always admired and respected, for being an Proud (strongly opiniated – in a good way) American Feminist Neutron Scatering person formed at the ORNL and that beyond our deep misunderstanding in the past, I'm trying since 2014 to defend ALL HER values agaisnt the fact they've ALL been attacked by ISIS-UK support of a Champion that has kept on betraying all what consitute her INTEGRITY and confirm all what's laid hereafter...

[Years of Love abuse ignoring those facts...]

In Jan 2014 I had a discussion about Love with an English Philosopher that constitute the MOST IMPORTNAT AND MAJOR event of my Love life : I tried but failed to make people understand this meant I have no issue on that matter, unlike what many took the habit to make me feel like if I have one (or emotionally abuse me) for years !...

In September 2014, « I found someone » after decades being alone ! But even that did not stop the Hate Machinery that was spying all my moves !... and was feeling more and more that Tatiana sabbatical was very wrong, not only related to my past rant, BUT HIDDING something really doggy !

[until the] TIPPING PONT 3 : CHARLY HEBDO SHOOTING !

LIKE OIL ON FIRE, AN UNWANTED ADDED TRAUMATIC CULTURAL CLASH WORSENING MY "HARMMLESS MADNESS" & TRIGERING MY DISMISSAL...

This is why in Janary 2015, I really got this time mental, sending new still harmless material (web pages) on the same principle of my first whistle blow the 30th of january, semi-deliberately

meant to scare/provoke the lab to open discussion within disciplinary procedures since all normal discussions fail!

ALL WAS ABSURD, I hope, my dear American friend can finally Understand ! The fraud involves ORNL where she's been working, and I'm fighting for American and EU Scientific integrity threatened by ISIS-UK !

A non practising almost 100% French westernised born Muslim victim of a long term scientific censorship for racist reasons, at the same time the French Symbol of the Freedom of speech is attacked by Muslim terrorists! ABSURD!

[...] **It is an institutional fraud against Bella (disrespect of her privacy)!**

My fate was sealed soon after, **the fabricated statement from Vicky and Tatiana and the communication of my Abuse Graph crossed by emails without any confrontation** : the Abuse Graph I've sent got immediately filed and I got an appointment next day (13th March 2015) to get my dismissal letter, **Champion carefully excluded from all procedures**: I wrote to Bella one email I got dismissed from ISIS and never ever contacted her again...

BECAUSE (TATIANA MUST TELL!) BELLA MUST KNOW THE STORY OF NATASHA BEFORE ! SO THAT SHE IS ENTIRELY CONSIDERED ALSO AS NATASHA, AS ANOTHER KEY VICTIM OF THE ISIS/STFC SUPPORT OF MY LONG TERM LOVE ABUSE DRIVEN SCIENTIFIC MISCONDUCT !
