

## CONCEPTUAL CONSIDERATIONS

VICTORIA GARCIA SAKAI MEA CULPA : As organisor of the Oxford Neutron School with Pr Andrew Boothroyd and Ross Stewart, for complicity of completely massacring the integrity of the studies of the CE-state, by denying the Existence of all related Crystallographic expertise and Crystallographers Notoriously implied INCLUDING Prioif Paolo Radaelli ! whose seminal work is epistemically as much insulted (as a True valid corroboration of the Goodenough Model compared to the 2 Jokes ISIS-INS produced from 2008), as my « controversial » contribution in this Story !

-----

To the attention of Paolo Radaelli, Aknowledged in my second Zener Polaron Paper published by FORMAL APPEAL TO THE PRL EDITORS in 2008, specialist of the subject, certainly having access to my last Correspondance to Prof Chapon containing the full allegation

*who will hopefully Aknowledge as the Person who recuitied me and as a Christian believer, that this is Deep Religious disrespect IS EXCEPTIONAL and requires FULL CONSIDERATION !*

To be forwarded, when the Logic & Argumentation is well Understood, to
