

HOW MANGANITES' ZENER POLARONS SECRETELY BECAME IN ISIS-UK AN IMMACULATE CONCEPTION !

ROSS STEWART MEA CULPA : the KEY & SLIEST HIDDEN POWER & bluffing me by being a fake Rock Lover, to hide me he is behaving like a POLICE officer instead of a Manager & who will give is beta-Mangase ILL Poem to Pr Goodenough !

To the attention of

- Distinguished [Takeshi Egami, ORNL](#), because he wrote in collaboration with Pr Goodenough [the KEY BOOK about Pr Goodenough's Zener Polaron Concept](#), containing their (so far) most complete description/discussion
- [Pr Dagotto, ORNL](#) Theoretician, Sepcialist of the Subject,
- to be ultimately forwarded to [Prof Goodenough](#) ! as he first defined the ISIS INS Denied Zener Polaron CONCEPT !

IT IS A FRAUD AGAINST PR GOODENOUGH ALSO... AN ALLEGED FAITHFUL CHRISTIAN!

A conceptual fraud regarding the CE-state of manganites, is a fraud against the legacy of ORNL as I said, but **also against the oldest greatest American material Scientist who FIRST CONCEPTUALIZED IT: Prof Goodenough**, Nobel Prize in Chemistry for battery materials! He is the only person that replied to the scientific worry for 7 years of silence from all, and ISIS/STFC must therefore apologise to him, to the ILL and to ORNL all together, in due time!

Before it's too late! given his age... **you know Pr Goodenough will turn out to be 100 years old this year!** And I wish and I pray for him in advance, that I'll wish him another new year: next year! And I really believe that **the particular mix of private love affairs and science in my story is so exceptional**, the not only the "venerable" Prof Goodenough (that ISIS insults, by putting adjective in the wrong place talking about « the venerable Goodenough Model » in the 2013 ISIS anual report), but **the Living Legend that Prof Goodenough became, should not be ingnorant of itThe way that ...these days, you can really RAPE with a MIND ROTTEN BY profound HIDDEN disrespect, HIS Science and HIS concepts!**

MY REPLY : THREE TWIN TOWERS METAPHORS THE SOUL TWIN TOWER : RECONSTRUCED ! THE CRYSTAL TWIN TOWER : TO BURST ! THE REACTOR TWIN TOWER : TO BE REBUILT !

Twin towers (11 Sept 2011) , are another America's World wide traumatic Symbol also result, of IRRATIONAL HATRED. It was committed by ISIS-DAESH against a Symbol of America'power and World Wide Democracy. Champion knows I've recalled in another Letter all the circumstances of how **my dismissal from the ISIS-UK Neutron facility was COINCIDENT with the horrendous Paris Charlie Hebdo attacks (7th Jan 2015)**, adding two ISIS-TRAUMAS in my mind : the first version of Perring paper was submitted the day before the Attacks ! **And I claim that my story is another HISTORICAL side of the same, mirrored, TERROROZING COIN !**

**IF YOU CONSIDER WELL
THE TABOO ABUSE GRAPH!
THAT I REFER TO BELOW...**

This Story is HISTORY, as it provides a (rare!) Scientific Example of the other INNER threat Democracy face besides TERRORISM : FASCIM ! I am a born-Muslim absurdly discriminated for being Modern one (!), who completely subscribe to the Right of America to intend a War against Terror since 2001 against ISIS and other sources of terrorism in the world, and I therefore hope America will Acknowledge my « war » against the disastrous result of the terrorizing ASPECT of my FASCIST ISIS management, SILENCING THE ILL (Victim!) on American Science and Legacy !

My TWIN(SOUL) TOWER ATTACKs (Rose destruction and Mona Lisa's Love abuse by the ISIS Champion) has indeed a timeline strongly correlated the ISIS use of MAPS to betray the ILL a first time in 2012 (just after Natasha got wasted), and then, the use of ARCS at ORNL to finalise the betrayal in 2016 (after Bella's story got forgotten)...which Scientifically PRE-ANNOUNCE to TWIN TOWERS « attacks » by ISIS TOF-INS (UK), on the legacy of the studies of the CE state made within TWO REACTORS NEUTRON SOURCES ! the ILL-TOWER from 2008 (EU/FR, who's hosted my modern studies made in the third millenary) and HFIR-TOWER from 2016 (US, Source of the Subject, with Wholan/Khoeler studies made in 1955, last century) !

AND PSYCHOANALYTICALLY, WHAT ISIS-INS SCIENTIFICALLY FIRST INGORED IN A PUBLICATION (2012) AND THEN WRONGLY PLAGIRISED (2016), [MY 2004 JMMM Article](#) STRONGLY INSPIRED BY THE ORIGINAL « GOODENOUGH APPROACH », THEREFORE KEEPS THE VALUE OF WHAT ROSE LOST EARLY 2009 – BUT THAT ME & « MY/Goodenough » ZP SCIENCE DID NOT : **THIS ARTICLE IS METAPHORICALLY A WOMAN HYMEN, UNTHORN ! STILL PURE & UNVIOLATED BY THE ISIS Champion ! FEW PAGES, CONSTITUTING THE DOORS...**

THE SCIENCE OF THE (OXYGEN) SPHERES! PLENTY OF LITTLE BALLS, TO PLAY WITH !

A hymen yes... behind which hides all what I meant in my « PSI post docs talks » (2003-2005), all lost in the controversy maintained by ISIS from 2005, in which I drowned and disappeared losing all the data, the technical knowledge, forgot most equations when I burned out in 2020, still can't forget about the ESSENCE : the CONCEPTS !... In 2015, I made the TALK commenting « my last Article » (wrote in parallel with ISIS-INS who never read it...). **End of 2021, I completed it with a dissertation around the underlying CONCEPTS...**

The talk combine/glue old (SE) and new (ZP) Goodenough Ideas, using a HEURISTIC that reaches I BELIEVE, **an Original (pictorial) and Unified Understanding of the manganites** in which I propose a refined/alternative version of prof Goodenough's ZP concept (describing ZP as Mn pairs coining oxygen holes, represented as small spheres) and the dissertation reveals, **by opening oxygen shells and daring to criticise Pillars of the DE and SE theories, stressing the importance less popular but essential concepts (bipolaron theory) forming a whole new take on the manganites**

HEAR ITS SUPPORTING TELEPATHIC MUSIC-CALL WITHIN OXFORD EARINADE SERENADE (2014-2019)!

Thanks god! the Guitar I played alone for years found a use, and made me **join a vibrant oxford Music crowd from mid 2012 which helped me escape the ISIS madness** and which slowly opened my eyes and realise I had no issue... I had to leave a place covering up far too much SHAME ! However, too down to rebuild myself in the UK in spite of the fact [I found the Soul Love I was looking for – My Mermaid Muse](#) (released amonth after my dismissal), after DECADES without, [...] **I experienced with My Mermaid/her Music/her Earinade a form of TELEPATHIC connection (2015-2019)** : and during few years, with only rare email contact never really telling anything tangible about my reality, it is like a majority of songs the Mermaid/Earinade wrote are talking to/for me... ! They are **PSYCHOLOGICAL TRACES OF UNIQUE UNDERSTANDING !** [...] **welcomed in their « I’am in a Stupid band » manifesto, the Leitmotiv of the song Baws Inc.** ! that says very well... oh well ! what I’m forbidden to say/been made forever problematic by ISIS ! « I’am in [earinade’s] Stupid band » « because I never paid attention, about Sexual Orientation! », and **that’s because the Band understood well that in ISIS corridors, was transforming into rumors that circulated constantly, saying that « I need Balls ! »** triggering [the anger of the Dr Ink](#), (who « started a war in people’s head », « such punch line here ! » « saw his family in an English Civil war »!)) all that certainly so I can allow myself to claim now :

No way ! Scientific papers can’t be written with that Ink, the virginal blood ISIS Champion kept in his dirty Mind all my carreer ! A viscious rape (rape of integrity) a crime that killed what were Holding my [Science Hands](#) (« that you can Understand [...] superfluid ! » « the Music of the Spheres sounding in my ears, oh **I wish that you could hear, the Music of the Spheres!**”, **contained in my Aladin’s Lamp**) ! And later, the Stupid Band Earinade released [Hard Shapes](#) May 2019 others songs like [the Immaculate Concept](#) (about a boy whose "mathematics, talking asleep", full of « miracles that you have not ! » ther fate of the [Sweet Loveless](#) (« you can call it fate, you can it bad luck... ») !

[...] PSYCHOLOGICAL TRACE OF THE FACT Artists I met and to who I never talked about my science, much better understood sort of telepathically (i.e without talking) than the racist Oxford Scientists that Denied me, **the true value of "my theory". That it is like me: intently naive & pure!** Emminently precious **Priceless Fundamental Virgin Ideas** that litterally have never been "touched" and remain therfore IMMACULATE ! A **potential PARADIGMATIC SHIFT** that has the potential to end up all unwantedly maintained CONTROVERSIES, which defines a **PATH to essential reconciliations**, that ISIS has DIVERTED and ever forbidden to exist! NO WAY !

A ROCK & ROLL TRIBUTE TO Pr GOODENOUGH

Consolidating I guess, the Dream I made already 18 years back, for all my Rock Stars, and Pr Goodenough was announced as a Rock Star, during the Nobel Prize 2019! **This is my exceptional pre-mortem tribute to Prof Goodenough**, because he should Aknowledge how His Brilliant Ideas should be better Aknowledged by ISIS ! **To end the Story, like a fairy tale from the 1001’s Nights ! That of the little « Aladin » from Paris (who is certainly not a Genius...) calling Pr Goodenough « Genius ! » For the Third Time !**

THE FIRST TIME, Aladin « called him » by **referencing/thanking him for his Genial ZP concept**, as it provided a « natural & EXISTING » intepretation of his deeply counter-intuitive diffraction data supporting a new symetry in his Original PRL2002 !

THE SECOND TIME he called him for HELP ! 16 years later march 2018 (!), scared about the Future of the Idea, incapable to speak coherently and tell why... it's been RAPED ! Still... Aladin obtained **The Key Reply of Pr Goodenough to his « schizophrenic double » Zorro**, in which Pr Goodenough Acknowledges the existence of a « Problem » and that he is « ignorant of this one » (which was good enough to make Aladin keep the faith in Science Justice ! Just before drowning into Madness!)

And the for LAST & THIRD TIME ! Cured from that madness, Aladin calls him to read his **Final little Manganite Contribution : A little Poem/ Ode to America and Tribute to Him !** containing two Links to my sadly Dying Visions & Reflections around HIS ZPs... **wondering if BY CHANCE** (to give them a CHANCE killed by the insane BAD LUCK ISIS made me live during 10 years!), **he could not Acknowledge them, by kindly including that Poem... in his Scientific Testament !?**

«In Twin Tower's Memory ! God ! promote more fairly than ISIS !
future studies of MY Zener Polarons : don't be ignorant of these TWO!
