ISIS Management : A DUAL SCIENTIFIC & TECHNICAL FASCISM & IMPERIALISM OF EU

THIS FRAUDULOUS NATURE Article is the Culmination of the Pathetic « SCIENTIFIC » Management of this « TECHNOCRAT » who has not retired following ACADEMIC Prof Goodenough advice (« don't retire too early! »), but who should have ! for having literally FUCKED UP a FUNDAMENTAL reasarch Manganite study, during 10 years (2005-2015) a story contianing a Human Capital Crime (thanks God, a Now pardoned racial rape of integrity – UNDERSTOOD by the Real Pixies that come dust away **this useless Pixies dust : Machine learning (?) fed only with wrong model of its User CENSORING a published one !**) : GOUGE AWAY !

An Unbeliveable Story which made the ILL-SUPERMAN make 7 times 7 years the loop ALL around the World before coming back - to **the Center of the Problem : the change of CCLRC to STFC around 2007 (start of putting explicitelly Tek No Logy into the Research Council restructuration) COINCIDENT in ISIS with the painful birth of MANTID** (after a failed 1 year experience with a forgotton DT company 2006-2007 – 1st waste of resources before TESSELA Corp Colaboration starts, to make a that Big Data Project), **followed by never ending changes of structure of UK Science organisation until the final post Brexit formatoin in 2016 of the UK-RI (I for EVIL = Innovation) Structure !**

SM was born to reveal that ISIS is a Scientific ABSURDITY, born from dictatorial pride of HIGLY VISIBLE OR IN(DI)VISIBLE MEN : that of thinking his « little baby » Source is a War Machine and that his rôle in Neutron Scattering is to prove it's the best in the world, by managing to convince at high political level, **the definition of Policies insulting Science programs EVERYWHERE !... sending his Manager/Sbires he has formed withing STFC with « Crystal Management » courses.... And not being able to manage the Ground State Solution of what turn out to be the most important (manganite) CRYSTAL of Strongly Correlated Electron Systems EVER – linked to GOODENOUGH GENIUS !**

UK Neutron community has been welcome to join an Original French ISIS agreement and used the ILL from the end of the 70's. UK started a National source in 1984 (it has realised Orwell prophecy !) chosing a different type of Technology for the Source (it's accelarator based, whereas the ILL is Neutron Reactor based). **It's mainly been run by UK staff until about 2000. This is the time THE BIG BRO started to recruit « the best » European, especially Italians country with Enrico Fermi heritage not maintained... and Spanish and not suprisingly, very few Germans & French, which both had sources on their territory (National LLB in paris, and the ILL in Grenoble, Julich and HZ-Berlin).**

Most Netron facilities WW are gouvernement ran with a turn over of « electec/appointed » Director irrespective to its Field of reasarch, sanely. ISIS has not only been a remarkable exception (Taylor has background in MAGNESITSM & started ISIS mid 80's and left ISIS mid 2012 – but without

loosing control on it, and still to date, certainly participate to HIGH LEVEL POLITIC OF EU Neutron access to the UK, DANGEROUSLY!), with **an ISIS Management that's externally IMPERIALIST (i.e exploit the most of the ILL), and internally in essence FASCIST :**

internal retribution system imposes staff to participate to Taylor aim, using UK's unique PRIVILEGED position in Neutrons for decades, to TAKE PROFIT of the COMPLEMENTARITY with the ILL, BUT systematically advertise/privilege ISIS more (agressively and technically /scientifically disputably), **prove « It is the Best », litterally imposing a pseudo EU/UK partnership in THEIR Innovation DOGMA fulfilled up NWO-TEK Narrative, that had been design to make the ILL LOOSE in a constant competition for World Wide « aura/success » that THEY define by THEIR arbitrary metric** (eg : Shangai university ranking Paris Saclay wanted to « align » : a Joke!) **insulting Academic spirit...** This, is unadmitted to have completely destroyed all hopes of a more sane Synergy between UK/EU neutron programs :

Thanks that (super aggressive management) ISIS has litterally taken over the ILL in the future of ESS operation/access via slow imperialist « infiltration » (there is NOT A SINGLE author affiliated to the ILL in this Paper !!!, claimed to be a milestone after 10 years - but several ABUSED « enslaved » DEAD LLB that THEY KILLED dividing the French Neutron association in two (SFN for user, FFDN for (half complicit, I never know....? Neutronician!) by corrupting the all time delicate CEA/CNRS management of FR Neutrons (namely : by corrupting Etienne Klein psudo director of a LARSIM-CEA GHOST lab into « philosophy of science » who turns out to be a true fanatic (in the Guru/Sect sense!) of Majoranas & associated particles – and he is the GHOST man who betrayed the LLB – IRAMIS dpt whilst Taylor was convincing around mid 2016 A. FUCHS CNRS Pdt that Quantum computing is the future and he must make a choice : DIVIDING TO REIGN ! The whole corrupting the IRFU management of Philippe Chomaz and imposed politically, through the Strong influence of French Math Field Medal C. VILLANI deputy in Essonne (the Paris Saclay region) -

IN PROFIT for eg SPEC/Louis Neel qbits dvts, whilst in the UK STFC « manages » to have enough money to afford both the BOOST of THEIR UK+US+Canada D-wave powered Quatum revolution AND ISIS dvt - unfairly!!!) : European NEUTRONS (LLB HZB have been SACRIFICED in those nascent/hidden/kept secret TEK IMPOSING colateral political choices in Neutron Scattering), wake up!!!! Alan Tennan is one TWIN BRO o fTAYLOR ISIS 1984 BIG BRP & the « third » TWIN BRO of ISIS BIG BRO in STFC is John Wormseley who came to ESS to favor the UK in all ESS « In kind » contribution call (eg LOKI instrument dvt) allowing a more and intrusive rôle of STFC or NON EUROPEAN = Swiss Quantum magnetism friends (Klausen, PSI – for the benefit of C Ruegg) in ESS affairs : your all Check (MAT!)

Wormseley is the 2nd STFC TOP Usual Suspect, ext STFC CEO & ESS DG from 2016 to 2021 ending in ENRICO FERMI Alliance in Chicago not surprisingly, when you understand US BATTELLE « non profit organisation » is managing all most important US large scale facilities/Science centers and made them become a hub of pseudo Scientific Techno/Crypto obsessed Fascist Secret Agent Managers some of them ORGANISED since 15-20 years around D-wave FANTASY, which STFC (who provided via Nature/G. Aepli London Center for Nanotechnology connection/SECRET lobby unnacceptable in Academia, that promoted the D-wave Academic accreditation) secretly copy/follow establishing ALSO in parallel, secret Security/Nuclear Bomb Defense UK/US DODGY links a REAL GLOBAL & Viscious HERITIC & APOCALIPTIC = Quantum Manhattan Project Z partly FINANCED by BANKERS of the GAFA that can be proven to have bertayed FRANCE on its Sovereignty seriously endangering world equilibrium/Safety !!!

ISIS Management : PART OF A 10 years WW « NATO » PLANNIFICATION OF AUKUS (2021) as treason of FR

Somewhere around 2007-2009, ISIS/Nature the UK (via US lab secret collaboration) started a (GEOPOLITICAL & MILITARY MINDED) DOMINATION plan. Connection (KEY STONE) with their Management Nebulous - to Nuclear activities/Investments was very recently PROVEN (mai 2022, LIKE THE PURLOINED LETTER : info at the eyes sight of all ! You can find just by the appropriate Google search/Wikipedia info !)

SM « simply » found that all this (UK = political!) MESS is consequence / correlated to a steep change in the management policy of Large Scale Facilities in the US, from Governement /university management to management by CONSORTIUM like Battelle (eg. since 2000 for ORNL) ! i.e a new form of Governement owned – contrac operated (GO-CO) model and (what the ESS is pushed into) it's slow imposition to the EU as the only viable model of Reasearch Infrastructures – imposing all reasearch to be on Project (implicitly Privately aknowledged and not continously Public funded !...) ?? Because the problem is...

SM figured out, this change in TOP management Structure (i.e opened to private/ capital venture/ consortiums) thus TOOK CONTROL of HISTORIC Science PLACES especially places where WW II Nuclear Bombs were built , a SECRET door oopened to SYSTEMIC CORRUPTION of Science by MILITARY TEK Interests ! And this is it is because it allowed the DOGIGIEST actor of all human affairs to get involved, by achieving together a « GLOBL SCALE NEVER SEEN MIND = PRESS CONTROL », by MANAGING to concomittantly corrupt TOP JOURNALS especially NATURE to hide how they in fact FORCE a fooled ACADEMIA to succeed their DUAL & IN TRUTH military minded SUPREMACY bet !

HAIL the American Ceasar : the (Dallas!) BANKERS saying « throw'em to the Lions ! » (eg : eg that Jacob Investement frim, which gets thank to the GO-CO model into the management of UK's Atomic Weapon Establishment (AWE) management in 2008 i.e more or less at the same time when Battelle get involved in the Management of the Newly formed UK National Nuclear Laboratory (2009), whilst Y-12 in Oak Ridge (ORNL) is managed and operated under contract by Consolidated Nuclear Security, LLC (CNS) but uses 30 % of Battelle employee as contractors... Nuclear Lab management sharing (UK) SERCO Consorsium & or Lockheed Martin participation, in a UK+ US Consorsium (international) Management board of key Nuclear Labs directly related to the UK Trident program <=> US/UK longterm MDA post 2nd WW collaboation/ agreement program on Nuclear weapon technologies – invisible board loaded with persons with a DUAL - US Security/Defefence advisory roles !

Because once this is concieved, it can be easily cross checked that eg Jacob Engennering, also invest in Jeff Bezos Blue Origin thus making the Banker = Bonker bridge beteen US Aerospace from Amazon's Boss making kids dreams with « touristic » Space Flights proven to be pseudo-Civil US & certainly sharing AEROSPACE technology with UK Military Lockheed martin (now a UK + US company...) the whole related UK + Trident Missiles assembly !

Litterally, and thanks Nature Unjustified accreditation Quantum computing Secret Bet Astro + Quatum + pseudo Philanthropy BIZ Seducing Amazon... you get GAFA already ruling our Lives with Capital = Consumerist Oriented = emotion ctrl = target advertising Mass data Storage+alogs = Life ctrl, involved

**also ! in constructions of Atomic Bombs...
in the UK! NWO plan... made profitable
in the end to Australian Submarine Dvt
AT THE EXPENSE OF FRANCE
loosing that way, the Contract
OF THE CENTURY
SIGNED IN
2016
?!?**

recalling that Jeff Bezos has been with the CIA a keen client of D-wave... Analysis of few Key Nature paper an few key Wikipedia info therefore suffice to PROVE the Existence of a WW MANAGEMENT Viscous circle on which SECRETLY rule & orbit Dwave & its afficionados, some dual faced managers of Consorsium that have corrupted Large Scale facilities Operation defining WW pseudo civil but in fact Military Dominance Minded Science Policies in Quantum computing (pushed to PREMATURE « application/industrialisation »)/ Quantum matter (fundamental, pushed to ACADEMIC LIES !) AND (what was the hardest to prove) in ways NOBODY can see this has certainly connection to an UNTOLD US-Y-12 ORNL + UK-AWE Nuclear Biz + Los Alamos D-Wave Support Secret & Hidden Manhattan + OXON UK project Z « simply » thanks a messy ultra viscous & double minded « upper - third level » Consorsium Management, above Large Scale facilities directions, and via them and how modern Reasearch organise Poles of Reasearch-Inovation around those facilities that are in fact no longer producing serious Academic work but are mere « pretext to... », infiltrate & corrupt all Academic program & objectives to the untold aim !

In that « game » in addition to US Battelle, UK Corso, US Jacob Engennering Banking, Locckheed Martin Weapon, that got into management of UK Nuclear Facilities, to be COMPLETE you must now add the least visible & therefore most corrupted organisation of all : UK-STFC ! – and its ISIS 1984 BIG BRO : Ghost in that Shell the Man thanks who (ie : connection with corrupted NATURE EDITORS!) ENABLED ALL those consorsium to such secretly FORCE WW Academia to get ruled by that NWO well hidden WW CORPORATE DREAM setting Quantum Computing as the Holy Graal, not saying it is setting all in the race of being the first to achieve their Quantum driven « disruptive TEK » Objective, nothing to do with the Graal ! win the Nuclear Biz, which is to be the most Dissuasive, using Quantum Flagship and its Breakthrough (in a military mind:in the Strategic area of Cryptography) as a Fear/Bluff/damocles spade over all (whilst letting the Press play with the Civil/Military ambivalence and spectacular aspect of Words like « Supremacy »... where the Ultimate Aim, is not aiming/praising Innovation as such, and celebrating the « Victory » of Google achievement of Quantum Supremacy Oct 2019 - but Really, it is targetting a Military Supremacy, theoretically attainable by pardigm shifts in Cryptography, seeking for hardware that can run Schor/Grover algos – all other applications being a Cloud of « fake proselyt » cover up, for that Core Military – 1st priority aim from which all (d-wave « fame ») started !!!), giving to WARMONGER (i.e their UK Chief being the Queen of England ! teamed with the US falcons – irrespective of presidential/political changes...!) their dreamt Post Cold War which in fact, has therefore restarted around 2006 – (when in Science, Caltech defined with UK astrophysicists Hawkings & Martin Reeves – the Preskill Superconducting NISQ + Kitaev Topological LSQ Short/long term Plan of Future Quantum computing dvt – « Academic achievements » retributed by « philanthropic » Prizes both competing in value the Noble Prize, & given to Kitaev by GAFA philanthropist Yuri Millner on one side (\$3 000 000) & M. Rees (by the controversial Templeton Foundation, 1 000 000 POUNDS not \$) that nobody but few TEK or Science GEEKS that don't make the Connection - knows about!!!) « Academics »... thus providing to investors and warmongers, dreams of a future Quantum Red Button – whose first Real Avatar is the D-wave Black Box

fridge insulting the Ingenuity of Alan Turing used to STOP the WW War II (not laugh it!) !?!... (at the UK academic level, Lockheed Martin « UK » show interest and is partner in most Key Quantum Computer related UNIVERSITY grants/HUBs!)

LITERRALLY, making all WW Academics in Magnetism/Quantum Physics UNAWARE how much « working on quantum materials » could have in fact become contrary to their Ethics FORCING THEM (like in a subtle yet Nazi Minded = Ruled concentration camp – in term of the level of though control put in effort to reach such level of Nonsense !) TO work for an Oppressor :

1) A MILITARY DOMINATION PLAN related to US & its long term relation to UK Gov Trident program. It got SECRETLY boosted by common (CIA + UK Nature = Press) agreement of D-wave support between 2008-2011, an early & secret military alliance in science explain UK government ultra controversial & shocking decision to boost the NUMBER OF WARHEADS (40 % increase!) in their Trident program, result (since March 2021) of a plan made official/visible only ten year after D-wave support Spring 2011 !

2) (which, as the Quantum information branch of Nature PROMOTES, with an editorial Board dominated by reasearchers Australian from Quatum Science Excellece Centers like Michelle Simons, was including long term plans to consolidate) the AUKUS Alliance - Sept 2021, a Military alliance going beyond the reality of submarine deals, and Geopolitical equilibrium depending on China/US tensions : they cannot be understood without considering long term Quantum Technology share (of « tek no = bluff ! », from serious Academic point of view !) underpinning this AUKUS alliance (in fact ultra dangerously relying on nothing Academically proven, in reality : in corrupted Nature that the whole world followed/copied!) !!!

3) Immediate FR-Australia Submarine crisis follows (a BLUNT Treason of FRANCE sovereignty in the FUTURE CTRL OF INDO-PACIFIC, and a serious concern with respect to international regulation regarding Nuclear technology sharing ie allowing Australia to get American Nuclear powered submarines requiring a highly disputable Knowledge transfer WITH RESPECT TO BASIC International Laws of Non Proliferation of Nuclear Weapons - instead of French Naval Group's Diesel Submarines which was a fair deal, in that RESPECT)!!!

THAT MILITARY WW CONTROL IS part of the shift of American foreign policies, from control of the Midle east (Syria was their last war there) to a policy setting them for the Public « IN TENSION » with CHINA + RUSSIA (and Iran...), IN WHAT IS SINCE A DECADE A HIDDEN THIRD (nuclear!) WW War - NOW EXPLICITELY LAUNCHED by the formation of AUKUS as it is ADDING to that long term building up « TENSION » a « Quatum dissuasion » DIMENSION, hidden by the Multicultural nature of Academia / Civil TEK Worl where Reasearchers/Engeneers (of Western Countries emplying eg Russia (Kalhuvin, in ISIS UK) & Ukraine (Petrenko in UK University) collaborating within that incriminated Nature) collaborate on fancy fashionable and promising for more sustainable future « quatum subjects » by never making them realize that's because just above ISIS Laboratory Director, you have a **TOP (international) Consorsium Management Layer (merging US Bankers, Investors mixed with War mongers, a soup of Money makers with various « porfolios »...) **who fantasize dodgy Academic's Big Brother Dreams intimately involving WW Neutron Facility Management !** not realizgn this time that THAT particularly mean Management (A. Taylor ISIS, STFC + A Tenant ORNL = BATTELLE + PSI – Co + Argone Lab chaps cited in the D-wave Paper!) has corrupted ALL Quatum Labs also into Astrophysics via the search of Hawkings « theory of everythoing » (Caltech USA, Perimeter institute Canada), **and managed to corrupt NATURE EDITORS to Make up that THING D-wave, COMMERCIALY VIABLE !?!****

They must now all **AKNOWLEDGE**, that ten years later, the quantum Nature of D-wave remains a Myth and it is a matter of BELIEF (simply because there's no equivalent of Bell equations to characterize D-wave qbits and the proof of their entanglement has been a « one off, oh ! If Nature says so... it must be true kind of Narrative ! » that's never been reproduced or investigated better compared to other way to prove it, in condensed matter spin systems... because ONE Nature suffice to make authority on such an important question, a company is allowed to insult decades of studies of Spin entanglement in Condensed Matter **Reals magnets containing hypothetical « quantum » spins, candidate for showing Quantum phase transitions where the characterisation or manifestation of entanglement are a subtle fundamental question and quest for School case compounds DEFINING essential CONCEPTS clarifying what's entanglement together with methods on how to experimentally address it (eg : INS studies of spinions excitations): in comparison to work in Quantum magnetism, the D-wave Nature got manifestly fabricated mid 2011, and the Article claiming their Qbits entangled i.e the quantum nature of D-wave – that Piece of Paper - simply constitute the most Quantum object of Nature : in a Half true /Half false sate, DEAD & ALIVE, from the editorial = fair referral perspective (forever!?)**

By promoting this (Academic original sin) Large Scale Neutron Facility management defined WRONG Academic policies in Magnetism accordingly everywhere ! knowing D-wave is SCIENTIFICALLY CONTROVERSIAL and not talking about it, they've then completely slowly and as viciously spread over a period of years (2011-2016 : Nobel prize on Topological phase of matter) **making up for Academia a SECOND After Shock-Wave (the ILL defined concept of « quantum materials », same, with a promotion via Nature journals) not saying it's the second episode (ripple) of the COVERING UP of a vaster the UK (+Common wealth) + US (+NATO) + Swiss CONSOLIDATION of D-wave rooted scientific policies = preparation of NUKE PROLIFERATION – and CONTROL of the newly forming most Strategic « Indo-Pacific » GEOPOLITICAL region**

- 10 years after D-wave Nature hidden Tsunami, we thus get the AUKUS Alliance = NATO Secretly Plan to Rule the world playing on EU divisions (via Quantum tunneling effects, by hiding in the K of the UK within the AUKUS acronym, its K-anada Quantum D-wave/Nature roots an Quantum/Astrophysics marriage – via Nuclear Affairs!) - **3 Countries Representative in fact of the vaster NATO & FIVE EYES Intelligientia - which in the end, put all the small players of the region piggy in the Middle preventing thm to develop peaceful relations with China, WHILST TAKING France ESSENTIAL Counter power INFLUENCE out of the AREA !?!**
